

Oral History / Anecdotal Stories Project

The Chatham Historical Society *Oral History / Anecdotal Stories* project aims to collect remembrances of growing up and living in Chatham. Our goal is to have a collection of these stories spanning decades that will be archived to share with future generations of Chathamites. Each person who contributes to the project has a unique point of view and together these memories create a picture of Chatham for that point in time.

Please consider contributing your memories.

We have a list of some questions to get you started. Feel free to answer al/some/none of them. We are looking for vignettes that give a sense of what it was like to be a child in Chatham. If you feel comfortable including your name, please do, but it is not necessary. If you know anyone who would like to be included in the project please send this to him or her.

You can send your stories to us via the "Contact Us" page on our website, email (chathamhistory@mac.com) or land mail:
Chatham Historical Society, P.O. Box 682, Chatham, NJ 07928.

The Historical Society is also looking for photographs to add to our digital collection and perhaps be teamed with your memory story for possible future publication or posting on our website. If you have any photos you'd like to share, we will scan them and return the original or you can send us a digital copy.

Thank you for your memories!
